

## ACCREDITATION DOCUMENT

### TEST 229

**St. Olavs hospital HF, Laboratoriemedisinsk klinikk, Avdeling for medisinsk biokjemi**

Erling Skjalgssons gt.1  
7006 Trondheim

The scope of accreditation is in accordance with the specifications on the following pages in this document.

The accreditation was initially granted 21.11.2008. The accreditation is given according to "Law on the free exchange of goods in the European Economic Area" of 14.04.2013.  
The organisation complies with the requirements in NS-EN ISO 15189 (2022)

The accreditation requires regular surveillance, and is valid until 19.10.2028.

The decision of accreditation made by Norwegian Accreditation implies that the organisation has been found to fulfil the requirements for accreditation within the scope.  
The organisation itself is responsible for the results of performed measurements.
